

**Tompkins Cortland Community College**  
**Master Course Syllabus**

**Course Discipline and Number: BUAD 109**  
**Course Title: Personal Money Management**

**Year: 2022-2023**  
**Credit Hours: 3**

**Attendance Policy:** *To maintain good grades, regular attendance in class is necessary. Absence from class is considered a serious matter and absence never excuses a student from class work. It is the responsibility of all instructors to distribute reasonable attendance policies in writing during the first week of class. Students are required to comply with the attendance policy set by each of their instructors. Students are not penalized if they are unable to attend classes or participate in exams on particular days because of religious beliefs, in accordance with Chapter 161, Section 224-a of the Education Law of the State of New York. Students who plan to be absent from classroom activity for religious reasons should discuss the absence in advance with their instructors. See college catalog for more information.*

**Services for Students with Disabilities:** *It is the College's policy to provide, on an individual basis, appropriate academic adjustments for students with disabilities, which may affect their ability to fully participate in program or course activities or to meet course requirements. Students with disabilities should contact the Coordinator of Access and Equity Services, to discuss their particular need for accommodations. All course materials are available in alternate formats upon request.*

### **Course Description**

This course addresses finance at a personal and practical level. Students examine current economic conditions focusing on how they can impact their personal economic situations. Ethics, personal management of cash, debt, credit, investments, insurance, and home buying are examined.

Prerequisites: MATH 090 if required by placement testing; prior completion or concurrent enrollment in RDNG 099 if required by placement testing. 3 Cr. (3 Lec.) Fall and spring semesters.

### **Course Context/Audience**

This course can be used to satisfy a BUAD or unrestricted elective requirement.

### **Basic Skills/Entry Level Expectations**

**Writing:** W0 Course requires very limited or no writing.

**Math:** M2 Completed MATH 090 - Course requires only the use of basic mathematical skills.

**Reading:** R2 If required, the student must be concurrently enrolled in RDNG 099. The course requires reading of mostly beginning college-level materials.

### **Course Goals**

By successfully completing this course, the student will be able to create a cash budget, plan for major purchases, and understand and use credit. They will:

- Understand how to make a budget.
- Understand credit ratings and how to protect them.
- Understand the basics of income and payroll taxes.
- Understand how to protect against identify theft.
- Understand different methods of investment.
- Be introduced to different types of insurance and how to compare coverage.
- Learn how to evaluate competing consumer loans for automobiles, homes, education and consumer goods.
- Gain an appreciation of the importance of understanding economic decisions, and asking questions before signing agreements.
