

Tompkins Cortland Community College
Master Course Syllabus

Course Discipline and Number: HRMG 105
Course Title: Food Sanitation and Safety

Year: 2023-2024
Credit Hours: 1

Attendance Policy: *To maintain good grades, regular attendance in class is necessary. Absence from class is considered a serious matter and absence never excuses a student from class work. It is the responsibility of all instructors to distribute reasonable attendance policies in writing during the first week of class. Students are required to comply with the attendance policy set by each of their instructors. Students are not penalized if they are unable to attend classes or participate in exams on particular days because of religious beliefs, in accordance with Chapter 161, Section 224-a of the Education Law of the State of New York. Students who plan to be absent from classroom activity for religious reasons should discuss the absence in advance with their instructors. See college catalog for more information.*

Services for Students with Disabilities: *It is the College's policy to provide, on an individual basis, appropriate academic adjustments for students with disabilities, which may affect their ability to fully participate in program or course activities or to meet course requirements. Students with disabilities should contact the Coordinator of Access and Equity Services, to discuss their particular need for accommodations. All course materials are available in alternate formats upon request.*

Course Description

The basics of sanitation and management of food safety in the hospitality industries are the foundation of this training course. Students are prepared for industry certification testing which is required and monitored by the NYS Health Department to assure adherence to good sanitation and food handling practices. If the final exam is passed with a 80% grade or better, certification is awarded by the National Restaurant Association. Additional fee is required. Prerequisites: Prior completion or concurrent enrollment in MATH 090 and RDNG 116 if required by placement testing. 1 Cr. (1 Lec.) Fall and spring semesters.

Course Context/Audience

This course is required in the Hotel and Restaurant Management A.A.S. degree program. It is recommended for students in the Wine Marketing A.A.S. and is also suitable for community members employed in the hospitality industry who need this training/certification for their job.

Basic Skills/Entry Level Expectations

Writing: W0 Very limited or no writing skills are required.

Math: M1 If required, the student must be concurrently enrolled in MATH 090. Very basic mathematical skills are required.

Reading: R3 Basic college level reading required. Concurrently enrolled in RDNG 116 if required

Course Goals

Upon completion of this course, the student should be able to:

- Identify the principles involved in designing and managing an effective cleaning, sanitation and food safety program according to industry identified standards and practices.
- Detail state requirements in regards to food safety and security.
- Implement a HACCP plan according to regulations.
- Receive a passing grade of 75% or better on the certification exam.
